MERRY KISS-MOOSE

Based on the runner-up concept in the co-created ornament survey. Features Merry Chris-moose (in his Santa hat and scarf) puckered up under the mistletoe, waiting patiently for a holiday kiss. With the help of his friend, a little gray squirrel (who is perched on his head holding the sprig of mistletoe over him), he just might catch a break during the holiday season. Artist crafted.

WIRELESS DISNEY BAND
Continuity Program

Create a medley of holiday cheer by collecting all 5 members of the Disney Band—each features a different instrument and plays 2 well-known Christmas songs.

While they each play special songs and move to the music individually, the real fun begins when they wirelessly interact with each other for a complete band experience—even if they’re placed in different areas of the same room.

Wireless function works up to 25’ apart. Each song approx. 10 – 20 seconds. Press and hold button to activate continuous play mode (a song plays every 2 minutes). On/off switch; includes 3 replaceable AAA batteries.
